

WHAT IS BOYS STATE?

Boys State Leadership Academy is an exciting weeklong program that gives you a firsthand experience running state government. No lectures, no classrooms – just hands on situations that let YOU take charge and make decisions. Come together with other North Dakota young men who have completed their junior year of high school to work together in competitions and develop your talents and leadership skills. You'll meet new people and experience campus life. To be straightforward – politics can be fun!
