

WHAT IS IT?

North Dakota Boys State is a leadership academy which puts *YOU* in the position of power and influence.

You hold the offices.
You make the decisions.
You share the week.

The future of North Dakota is in your hands. We're allowing you to get a head start.

The week includes hands-on activities including a simulated State Senate and House, and Disaster Emergency Management Simulation as well as sports and journalistic reporting on events.

We are looking for the best and brightest future leaders of North Dakota.

Delegates will have all registration fees and program expenses covered by the American Legion, local businesses, or other organizations to ensure all qualified young men have an opportunity to attend.

Participants are responsible for \$25 at the start of Boys State to cover a room key deposit and an official Boys State t-shirt.
